Science and Technology

Facebook is the biggest social network in the globe and people do live there. there of us - I, Minh Tâm Phạm and Anh Kiệt Đào realize that create a group on Facebook can help people find what they need fast and simple. So, the WPCAS group was born: <https://www.facebook.com/groups/wpcas/>

. I always think how to help people in life. I started to write blog when I know how to and tried to make them clear to users, who were seeking for something they cannot find in forum or other website. Now I am focus on writing tips and trick for Nokia Lumia 720 using Windows Phone 8 (<http://my720.wordpress.com/>). I also write and collect articles of Nokia X, the new device from Nokia, and Firefox OS from Mozilla Foundation. Some tips and tricks are my own, some from other, but I re-write and make it as clear as I can. Many of articles are translated from technology website such as The Verge, Tech Crunch, Tech in Asia...
